Minutes of Meeting

The Board of Studies Meeting of Aeronautical Engineering held on 03-11-2023 at Board Room of Nehru Institute of Engineering and Technology, Coimbatore.

BoS / AE01.1	:	<i>Welcome Address and Opening remarks by Chairman</i> <i>Dr.B.R.Senthilkumar, Board of Studies, Department of Aeronautical Engineering</i>
	:	The Chairman, BOS of the Aeronautical Engineering welcomed and introduced the members of First Board of Studies and thanked each one of them for sparing their valuable time to attend the meeting.
BoS / AE01.2	:	<i>Introduction of members</i>
	:	The Chairman, BOS of the Aeronautical Engineering introduced the internal and external members
BoS / AE01.3.1	:	CONFIRMED AND APPROVED R2023 Curriculum Structure for BE Aeronautical Engineering and M.E AERONAUTICAL ENGINEERING (Enclosed in Annexure - II)
BoS / AE01.3.2	:	CONFIRMED AND APPROVED First year BE Aeronautical Engineering and M.E AERONAUTICAL ENGINEERING Subjects. (Enclosed in Annexure - III)
BoS / AE01.3.3	:	CONFIRMED AND APPROVED First Year Syllabus for other UG Programmes. (Enclosed in Annexure - IV)
BoS / AE01.4	:	<i>Suggestion given by the BoS Members</i>
01.4.1	:	Dr. S Sivasankar suggested to change total contact periods to total contact hours in both UG and PG Curriculum.
01.4.2	:	Dr. S Sivasankar suggested to change U23GE106 title as heritage of Tamil
01.4.3	:	Dr. S Sivasankar suggested to change the Code of U23GE105, to U23CS105 in semester I and In semester II, U23AP203 to U23PH203
01.4.4	:	Dr. S Sivasankar and Dr. R. Naren Shankar suggested to add 1 tutorial hour for courses U23AE302, U23AE303 and U23FM304 and reduce 1 lecture hour.
01.4.5	:	Dr. S Sivasankar, Dr. Aldin Justin Sundararaj and Dr. R. Naren Shankar suggested U23AE311 to be split into two courses as thermodynamics laboratory and strength of materials laboratory as 1 credit course and credit for Professional development is reduced to zero in UG semester III,
01.4.6	:	Dr. S Sivasankar , Dr.Aldin Justin Sundararaj and Dr. R. Naren Shankar suggested UG In semester III, add tutorial hours for U23AE302, U23AE303, U23FM304 and reduce in lecture hour
01.4.7	:	UG In semester IV, Airbreathing propulsion may be changed to Propulsion -I U23AE403 as per suggestions from Dr. R. Naren Shankar and Mr. Gokulraj K

Dr. P. MANIARASAN

Principal.

Nehru Institute of Engg. & Technology
T.M.Palayam, Coimbatore - 641 105.

01.4.8	Dr. R. Naren Shankar, Dr. Balakrishnan Bakthavaachalam, Mrs. Deepa Sakravarthini and Dr.Aldin Justin Sundararaj suggested Composite materials and structures & Propulsion-II courses offered as electives may considered as Professional core courses in UG Semester V.
01.4.9	Dr. R. Naren Shankar suggested Aircraft systems Laboratory may be offered as Aircraft systems and Maintenance laboratory. Mrs. S. Deepa Sakravarthini, Mr. Gokulraj K and Dr. R. Naren Shankar suggested to introduce to Finite element methods and Experimental Aerodynamics in UG Semester VI as Professional core rather than electives.
01.4.10	Dr. R. Naren Shankar, Dr. Balakrishnan Bakthavaachalam, Mrs. Deepa Sakravarthini and Dr.Aldin Justin Sundararaj suggested in UG Semester VII, Open Elective IV to be changed to Professional Elective – III. Mrs. S. Deepa Sakravarthini, Mr. Gokulraj K and Dr. R. Naren Shankar suggested to introduce Experimental Stress Analysis and Computational fluid dynamics instead of Fatigue and Fracture Mechanics and Human Values and Ethics,
01.4.11	Mrs. S. Deepa Sakravarthini, Mr. Gokulraj K and Dr. Balakrishnan Bakthavaachalam suggested to add Internship in UG VII Semester as optional additional credit course.
01.4.12	Dr.Aldin Justin Sundararaj suggested, In UG Semester VIII, Professional elective 3 included. Research methodology and IPR credits may be reduced to 2.
01.4.13	Dr. S Sivasankar and Dr. R. Naren Shankar suggested in PG semester I, Research Methodology and IPR, additional contents can be added focusing towards publications and patent in various countries.
01.4.14	Mrs. S. Deepa Sakravarthini suggested in PG Semester II, Theory of plates and shells added as one additional subject in the Elective II list and Finite Element Analysis course name to be changed to Advanced Finite Element Methods
01.4.15	Dr. S Sivasankar and Dr. R. Naren Shankar suggested in PG Semester IV in project work II, conference presentation along with paper publication to be made mandatory.
BoS / AE01.5	: <i>Any other items</i>
01.5.1	The members appreciated the B.E. Aeronautical Engineering curriculum structure; however they suggested that the teaching learning and evaluation process needs to be designed for the integrated courses in such a way that the learner should get the full benefit of that.

The members had a brainstorming discussion and interaction among themselves. After discussion, fruitful suggestions were incorporated appropriately in the curriculum and syllabus of R2023. Based on the suggestions given by the members, BOS resolved to recommend the Curriculum Structure and syllabus for the 1st semester courses prescribed for Aeronautical Engineering (Annexure II & III) and syllabus for the 1st semester courses prescribed for other U.G. Programmes (Annexure IV) after carry out the modifications suggested by the members, under Regulation 2023 to the Academic Council for further approval. Dr. K Sathishkumar Associate -Professor / Aeronautical Engineering proposed vote of thanks for their kind cooperation and the meeting came to an end.

BoS / AE 02.4	:	<i>Suggestion given by the BoS Members</i>
02.4.1	:	Dr. S. Sivasankar suggested to remove the Ultrasonic and radiography testing topic from U23AE302 and asked to add as a general term "Need for NDT"
02.4.2	:	Dr. Aldin Justin Sundaraj and Dr. R. Naren Shankar suggested to change the Unit -2 title of U23AE302 as "Casting and Welding".
02.4.3	:	Ms. S. Deepa Sakravarthini suggested to add "Blanking" topic in unit-3 of U23AE302.
02.4.4	:	Mr. Gokulraj K and Dr. Aldin Justin Sundaraj suggested, to change the unit 3 title of U23AE302 as "Sheet metal Process".

Dr. P. MANIWARAN
Principal

Nehru Institute of Engg. & Technology
T.M.Palayam, Coimbatore - 641 105.

02.4.5	Dr. Balakrishnan Bakthavaachalam and Dr. R. Naren Shankar suggested to add a topic of "Lightening protection system" in unit 4 of U23AE303.
02.4.6	Dr. S. Sivasankar and Dr. Aldin Justin Sundaraj suggested to add Engineering mathematics in Pre requisite of course U23AE304.
02.4.7	Dr. R. Naren Shankar pointed out the repeated text book in the syllabus of U23AE305 and asked to rectify the error.
02.4.8	Dr. Balakrishnan Bakthavaachalam suggested in U23AE407- Unit 1, eliminate the content IC engine studies and add Classification of Gas turbine engines.
02.4.9	Dr. Aldin Justin Sundaraj and Mr. Gokulraj K recommended to add a topic of "Combustion chamber cooling methods" in Unit-4- U23AE407.
BoS / AE02.5	: <i>Any other items</i>
02.5.	The members appreciated the B.E. Aeronautical Engineering curriculum structure, however they suggested that the teaching learning and evaluation process needs to be designed for the integrated courses in such a way that the learner should get the full benefit of that.

The members had a brainstorming discussion and interaction among themselves. After discussion, fruitful suggestions were incorporated appropriately in the curriculum and syllabus of R2023 and R2024.

Based on the suggestions given by the members, BoS resolved to recommend the Curriculum Structure and syllabus for R2023 3rd and 4th semester courses prescribed for B.E and M.E Aeronautical Engineering (Annexure II & III) and syllabus for R2024 the 1st and 2nd semester courses prescribed for B.E Aeronautical Engineering (Annexure IV) after carry out the modifications suggested by the members, under Regulation 2023 and Regulation 2024 to the Academic Council for further approval.

Dr. J. Arun Prakash, Assistant Professor / Aeronautical Engineering proposed vote of thanks for their kind cooperation and the meeting came to an end.

BoS / EE1.4	Suggestion given by the BoS Members
BoS / EE1.4.1	Fourier Series Laplace Transform should be included in 2 nd semester for EEE students
BoS / EE1.4.2	C Programming and Data Structures Laboratory can be combined with theory course in III Third Semester
BoS / EE1.4.3	Signals and Systems Course Can be included in IV Semester.
BoS / EE1.4.4	Control and Instrumentation laboratory course can be included in IV Semester instead of V Semester.
BoS / EE1.4.5	Microprocessor and Microcontroller Laboratory course can be included in V Semester instead of VI Semester.
BoS / EE1.4.6	Power Electronics and Drives Laboratory Course can be included in VI Semester instead of V Semester.
BoS / EE1.4.7	For Mandatory Courses, instead of Zero Credits P/F may be mentioned.
BoS / EE1.4.8	Suggested to combine Verticals V & VI in professional electives and framed as single list.
BoS / EE1.4.9	Millman's theorem and Tellegen's Theorem Content can be removed in Electric Circuit Analysis. DSO'S Operation and Data Acquisition systems can be removed in Basic Electrical and Electronics Engineering.
BoS / EE1.5	: Any other items
BoS / EE1.5.1	The members appreciated the B.E. Electrical and Electronics Engineering curriculum structure and Syllabus for all first year Basic Electrical and Electronics Engineering Courses; however they suggested that the teaching learning and evaluation process needs to be designed for the integrated courses in such a way that the learner should get the full benefit of that.

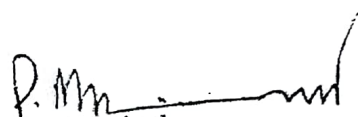

The members had a brainstorming discussion and interaction among themselves. After discussion, fruitful suggestions were incorporated appropriately in the curriculum and syllabus of R2023.

OUR VISION

Our Vision is to mould the youngsters to acquire sound knowledge in technical and scientific fields to face the future challenges by continuous upgradation of all resources and processes for the benefit of humanity as envisaged by our great leader Pandit Jawaharlal Nehru.

OUR MISSION

- To build a strong centre of learning and research in engineering and technology.
- To facilitate the youth to learn and imbibe discipline, culture and spirituality.
- To produce quality engineers, dedicated scientists and leaders.
- To encourage entrepreneurship.
- To face the challenging needs of the global industries.

Tamils & Technology should be changed to Tamil & Technology Materials science should be handled by Mechanical Engineering Four analytical subjects are allocated for Fourth semester in which one subject to be changed to Fifth semester. Metrology and Dynamics Laboratory should be subdivided to two laboratories. Open electives should be given, based on the available departments. Open electives can be mentioned as department abbreviation (ME). The eligibility for elective selection is based on the passing of the respective prerequisite subjects. In Semester VII, Mechatronics and IoT can be mentioned as Advanced Mechatronics. In Electives - Vertical 4 , Digital Manufacturing and IOT can be mentioned as Digital Manufacturing with IOT In Electives - Vertical 8, Design concepts in Engineering can be mentioned as Engineering Design In Electives - Vertical 9, Design for Manufacturing can be mentioned as Design for Manufacturing and Assembly

Dr. P. MANIARASAN
 Principal
 Nehru Institute of Engg. & Technology
 T.M.Palayam, Coimbatore - 641 105.

- In Electives - Vertical 10, Tutorials need to be included for the following subjects.
- Operations Research, Gas Dynamics & Jet Propulsion and Process Planning & Cost Estimation.
- As part of Autonomous system, one credit course can be offered by Industry expert / Research lab expert. One credit course can have 15 hours per semester. On completion of 3 one credit courses, students can be allowed to withdraw an elective.
- Modern manufacturing systems including CNC coding, a new subject need to be included.

PG - M.E.-CAD/CAM

- Applied Mathematics for Engineers subject need to be included in First Semester.
- Design for sustainability to be moved to Third Semester from First Semester.
- Laboratory should be renamed to Advanced Analysis and Simulation Laboratory in Second Semester.
- In Elective, Integrated Product Development can be renamed into Integrated Product and Process Design
- The following subjects can be added as elective
 - Geometric Modelling, Advanced Strength of Materials, Theory of Rapid Prototyping and Mechanical behaviour of Materials

The members had a brainstorming discussion and interaction among themselves. After discussion, fruitful suggestions were incorporated appropriately in the curriculum and syllabus of R.2023.

Based on the suggestions given by the members, BoS resolved to recommend Curriculum Structure for B.E. Mechanical Engineering (Annexure I), First Year Syllabus for B.E. Mechanical Engineering (Annexure II), First Year Syllabus for other UG Programmes (Annexure III), Curriculum Structure for M.E. CAD/CAM (Annexure IV), First Year Syllabus for M.E. CAD/CAM (Annexure V) after carry out the modifications suggested by the members under Regulation 2023, to the Academic Council for further approval.

Dr. S. Jeevanantham, Associate Professor / Mechanical Engineering proposed vote of thanks for their kind cooperation and the meeting came to an end.

The following suggestions given by University Representative, Subject experts, Industry experts and Alumni member to be incorporated in the curriculum.

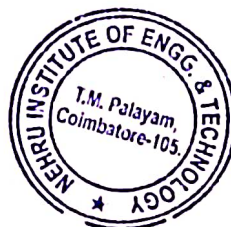

- Periods per week can be changed as Hours per week.
- Engineering Graphics in Semester II credits were reduced to 3 by adjusting the lecture hour.
- Engineering Mechanics in Semester III tutorial hours can be included without changing the credits.
- Fluid Mechanics and Machinery in Semester III should be an integrated laboratory.
- Analog Devices and Circuits to be included in Semester III
- Manufacturing Technology theory and laboratory courses should be in Semester III.
- Electrical Drives and Actuators theory and laboratory courses should be in Semester IV.
- Design and Modelling Laboratory name can be changed to Modelling and Simulation Laboratory in Semester III.
- Strength of Materials in Semester IV should be an integrated laboratory.
- Hydraulics and Pneumatics theory course name can be changed to Design of Hydraulics and Pneumatics System in Semester V.
- Microprocessors and Microcontrollers in Semester V name can be changed to Embedded System Design.
- Industrial Automation Laboratory in Semester V name can be changed to Industrial PLC and Automation Laboratory.
- Robotics and Machine Vision Laboratory interchanged with Design and Fabrication Project in Semester VI and VII

PRINCIPAL

ACTION PLAN TAKEN FOR FIRST BoS MEETING ON 03.11.2023

As per the BoS Committee Suggestions,

1st Semester

- Matrices and Calculus replaced by Linear Algebra.
- PSPP (Problem solving with python programming) has been replaced by Introduction to C programming.
- PSPP (Problem solving with python programming laboratory) has been replaced by Introduction to C programming laboratory.
- The suggestions will be implemented from the next academic year 2024-2025 onwards.

2nd Semester

- Statistics and Numerical Methods is been replaced by Numerical Methods.
- Data Structure Design is renamed as Data structure-I for the theory and lab.
- UI Design Laboratory is also newly added with 1 Credit.
- The suggestions will be implemented from the next academic year 2024-2025 onwards.

3rd Semester

- Discrete Mathematics replaced as the Statistics with Python.
- DPCO replaced as the Computer Architecture.
- Artificial Intelligence Theory and Laboratory is been combined to as Integrated Subject.
- Professional Development course replaced as the Engineering Exploration.
- Data Exploration and Visualization Integrated lab is changed as the main lab.

4th Semester

- Operating Systems and Computer Networks Credits are changed into 4 credits.
- Fundamentals of Data Science renamed as the Foundation of Data Science.
- Data science Laboratory is also added as a main lab.

5th Semester

- Data Information Security replaced as the Foundation of Cyber security.
- Distributed Computing is replaced by Full Stack Programming in JAVA with 4 credits.
- Data Structures –II is added as core subject with laboratory.

6th Semester

- Embedded Systems and IoT subject is splitted in to separate Theory and Laboratory.
- Project Phase – I is added into this semester.
- One of the Professional Elective subject can be chosen as Agile Methodologies.

7th Semester

- Project Phase – II is added in this semester.

8th Semester

- Project work is replaced by Project Phase – III with the credits not changed.
- Software Project Management subject is removed.
