### Purpose

The purpose of this MoU is

- To promote the mutual interest in the field of Welding Engineering and Quality assurance/Quality control
- To jointly organize workshops, seminars and conferences in the emerging areas of Aeronautical Engineering
- To impart technical skills through employability enhancement programs to the students.

### Types of Cooperation

Through this MoU, both parties affirm the value of industrial collaboration and agree to promote the following activities:

1. Opportunities for students to
  - a. Visit industry (short day visit)
  - b. Undergo in plant training/internship
  - c. Undertake projects
  - d. Get placement assistance
2. Opportunities for faculty members to visit industry and undergo training
3. Curriculum and syllabus development
4. Support for establishing laboratory at par with industry standards
5. Organizing workshops/seminar/symposium/conference/  
Faculty Development programs
6. Other activities as mutually agreed.

This MoU places no financial obligations or supplementary funding commitments on either party. Such activities will be defined through separate program agreements that detail the commitment of resources (financial or otherwise) required by the Institution and Industry.
